: Examiner: B. SISSON

Title: HUMAN NUCLEIC ACID SEQUENCES FROM OVARIAN TUMOR TISSUE

RECEIVED

AMENDMENT AND REPLY

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Office Action dated June 4, 2002, please amend the above-identified application as follows:

IN THE SPECIFICATION:

Please delete the originally filed sequence listing and insert the substitute sequence listing submitted herewith.

REMARKS

By the foregoing amendment, the specification has been amended to insert a substitute paper copy of the Sequence Listing for the subject application, which has been added between the last page of the specification, currently page 162, and the first page of the claims, currently page 349. Please amend the page numbers accordingly. The substitute Sequence Listing corrects the errors recited in the Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence And/Or Amino Acid Sequence Disclosures. As required, a substitute copy of the Sequence Listing on computer readable form and a Declaration Pursuant to 37 C.F.R. §§ 1.821-1.825 are also enclosed herewith.
